The recent rain made a tide in Kentucky river and Minter & Hackworth have run about 500 oak and pine logs.

## Puts an End to It All.

But thanks to Dr. King's New Life Pills they put an end to it all. They are gentle but thorough. Try them. Only 25c. Guaranteed by Swann-Day Lumber Co. Store.

## Ring Lost.

Gold ring with Garnet Setting. Liberal reward if returned to this office.

## Vaughn's Mill.

L. C. Lyle and family spent Sunday with A. P. Hiley.

Several from this place attended the show at Clay City Saturday night.

Mr. Bill Roges is moving from G. W. Clark's place to Big Sink, Lee county.

Mr. and Mrs. Morgan Gravett, of Winchester, are visiting friends and relatives at this place.

Mrs. Ella Swope, of this place, and Mary Daugherty, of Ford, are visiting W. M. Swope, of Glencairn this week.

Messrs Clarence Gravett and Cliff Highley, of Carlock, Ill., are visiting Mr. Gravett's parents, Mr. and Mrs. Melvin Gravett, at this place.

Mrs. Bettie Highley and Miss Muttie McKenney went Saturday evening to see Mrs. Martha Bush, of Stanton, who is on her death bed. Mrs. Highley is going to stay several days with her.

Mrs. Mary A. Burgher gave a birthday dinner and quilting to her son, Everett Saturday. Everett was 20 years old. There were 79 people there for dinner. Every body enjoyed themselves and had plenty to eat.

Mr. Charley Clark and Miss Calie Ware and Mr. George Ware and Mrs. Annie Hoffman were joined in the holy bonds of matrimony last Thursday by Rev. R. A. Irving of Clay City, at the Vaughn's Mill Christian church.

## The Institute.

The Powell county teacher's institute held at Stanton last week under the instruction of Prof. W. R. Eubank was one of the most successful ever held in the county. Thirty-eight teachers were enrolled during the session, all of whom took part in the discussion of subjects. Our limited space this week prevents us from giving a more extended account of the meeting which we would like to have done. Following on the resolutions as adopted by that body:

## Resolved:

1. That we, as members of this Institute, thank Sept. F. P. Tracy for the interest manifested in the educational work of the Institute and of the county.

2. That we tender our thanks to the members of the Presbyterian Church for their house during the session of the Institute.

3. That the heart-felt thanks of this Institute be extended to Prof. W. R. Eubank for the able and efficient manner in which he, as our instructor, has conducted the work of the present Institute. By his kind and manly bearing he has, unconsciously though it be, "dropped a fragrant flower in memory's sacred garden whose perfume will touch and gladden all the coming years."

4. That we extend our appreciations for the services of Mrs. Burk as organist.

5. That we take recognize and heartily appreciate the excellent service of our secretary, Prof. Hayden.

6. That we petition the Legislature to carefully consider the following resolutions adopted by the Powell County Institute:

7. That the office of trustee be abolished and the duties heretofore performed by the said trustees, be performed by a County Board for the counties.

8. That the third-class certificate be abolished and the districts be reclassified.

9. That the Compulsory Educational Law be so amended as to make it effective.

## The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best Salve on earth and will prevent fatality, when Burns, Sores, Uleers and Piles threaten. Only 25c, at Swann-Day Lbr. Co's.

Owing to our crowded space this week we can not give all the items we intended and had to cut short some that were in.

## Suicide Prevented.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or despondency invariably precede suicide and something has been found that will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great Stomach, Liver and Kidney regulator. Only 50c. Satisfaction guaranteed by Swann-Day Lbr. Co.

## Marketing Walnut Stumps.

Several car loads of walnut stumps have been delivered at the depot for shipment to a New York firm, most of which have been collected from the Station Camp neighborhood. Some of these stumps, particularly of the curly or bird's eye variety, are very valuable.—Irvine Herald.

## Subscription Laws.

An exchange respectfully invites the attention of its delinquent subscribers to the following that have been compiled from the decision of the United States courts. The seven most important are:

1. Subscribers who do not give express notice to the contrary are considered as wishing to renew their subscription.

2. If subscribers order the discontinuance of their periodicals the publisher may continue to send them until all arrearages are paid.

3. If subscribers neglect or refuse to take their periodicals from the postoffice to which they are directed they are responsible until they have settled their bills and ordered them discontinued.

4. If subscribers move to other places without informing the publishers and the papers are sent to the former address they are held responsible.

5. The courts have decided that refusing to take periodicals from the office or removing and leaving them unclaimed for is prima facie evidence of intentional fraud.

6. If subscribers pay in advance they are bound to give notice at the expiration of the time if they do not wish to continue taking it, otherwise the publisher is authorized to send it and the subscribers are responsible until an express notice is sent to the publisher.

7. The latest postal laws are such that newspaper publishers can arrest anyone for fraud who takes a paper and refuses to pay for it.

Under the law, the man who allows his subscription to run along for some time unpaid and then orders the postmaster to mark it "Refused" and have a card sent notifying the publisher, leaves himself liable to arrest and fine, the same as for theft.

If you order your paper discontinued and it continues to come, you may know that you are in arrearages and should pay up, otherwise you are held responsible for it as long as the paper is being sent to you.

## End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung" writes J. F. Hughes of DuPont, Ga. and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by Swann-Day Lbr. Co. Price 50c, \$1.00. Trial bottles free.

## Sheriff's Tax Sale.

I, or one of my deputies, will, at the court house door in Stanton, Ky., on Monday the 7th day of Sept., 1903, sell to the highest and best bidder for cash, that tract or parcel of land on Cow Creek, bounded on the West by County road; on South by V. C. Martin; on East by Green Adams; on North by land of Martin Bros., and containing about 50 acres, or so much thereof as will satisfy the sum of \$3.18 being the tax due State and County from A. T. Crow for year 1902. THOS. BOON, Sheriff Powell Co.

## Farm For Sale.

Ninety acres of good land well improved, at Lilly's Ferry, one mile west of Spout Spring. Well watered, fine orchard, good dwelling of six rooms and all necessary outbuildings. Good neighborhood and other conveniences. Will sell at a bargain. ALLEN OSBORN, Spout Spring, Ky.

## The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour. If it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

Bread baked from our flour retains the natural taste and flavor of the wheat berry. Makes better, whiter, healthier bread than you have been using, because it is milled from the very best wheat on a first-class up-to-date mill, run by water power. Let a 25-sack of

talk to you. It will be more convincing than a barrel of words. Ask your grocer.

### SPOUT SPRING.

Bill Edge was below last week on business.

J. W. McKinney, of Winchester, was here Saturday.

Elder B. S. Burgher, of Winchester, was up a few days this week.

Miss Lena Conner, who has been down with fever for some days, is slightly improved.

Messrs. Dillard and James F. McKinney have bought several head of sheep the past few weeks.

A protracted meeting will begin at the Methodist church the third Sunday in this month. Rev. W. B. Ragan, of Irvine, will assist Pastor Willis in the meeting.

Mr. and Mrs. Rnpard Curtis are the proud parents of a new son which arrived at their home, Tuesday, July 28. This birth brings no encouragement to the Democrats.

John Stephens, the noted huxter who moved here last spring from Mt. Sterling, has moved back to the capital of Montgomery where he says he can get more business.

George White seems to be very much interested in one of Powell's fair damsels from the frequent visits he makes over that way. We wish him success in his matrimonial aspirations.

The Baptist church at this place at their church meeting Saturday called Elder O. C. Brown for their pastor, and he has accepted the charge. He preached both Saturday and Sunday to fair size crowds. The attendance and interest manifested was quite encouraging, and shows that all church interest has not yet died in this community. Eld. Turpin was present on Sunday and took part in the exercises. Elder B. S. Burgher preached Saturday night. A protracted meeting will begin at the next regular meeting, the first Saturday in September.

### Increased Reward.

The membership of Jackson's Chapel has increased the reward for the apprehension and conviction of the party who shot into the church house some months since from \$25 \$40.

### Poor Pay Poor Services.

"Poor pay poor services" seems to hold good in every official duty, and "no pay no service" is about as true. Whether it be in private or public life, service is rendered according to compensation. An office with no salary is considered a very unimportant one, and the same receives but little attention from the incumbent.

Our City Council, like unto the country district trustee and county road surveyor, should really not be chided; they do more than they are paid for, and receive no thanks for what they do. Their work is wholly gratuitous, and they cannot therefore, well afford to neglect their own business and give much time and attention for which they receive no compensation. Under such circumstances it is hard to get good and qualified men to accept the office, and seldom will they do so, unless they have some special act which they want passed, or are interested in some business establishment which seeks special favors from the Council. Such officers naturally look to their own interest first, and other important matters in this way are neglected.

The Times believes in selecting a council of men who have no special acts to offer; men who are permanently located in Clay City, and only those who are solidly identified with the town's best interests, and will thoroughly investigate all ordinances offered for passage and see that there are no catches or misrepresentations in their wording as was the case with one passed last fall. For diligent service in this capacity, every member should receive a liberal salary. This policy should be indorsed by the Democrats when they nominate their fall ticket, and with such policy they can win like a top.

We will now see if the universal demand for justice and conviction of the accused in the Jett and White trial now going on is maintained by the Republican press in the trial of Caleb Powers on the same charge at Georgetown. The evidence against the latter is equally as convicting as that against Jett and White.

Mr. A. H. Norton has a card in this issue of the Times in answer to "A Call" from "Many Voters." It is interesting reading from a popular and deserving gentleman who is well qualified to fill the important office of County County Judge.

Only twelve witnesses for the defense were at Georgetown Monday in the Powers case; 135 were called.

### From Another Point of View.

It is said the public school teachers of Powell are now using our county roads as object lessons in teaching small children the fundamental facts of physical geography. The once popular molding board is now and forever discarded as the average pedagogue can most plainly discern in the county roads all the islands, lakes, rivers, and volcanic craters necessary to geographically impress the mind of the inscrutable urchin in the initial stage of his school life. Who now will dare have "gall" enough to rise up and swear by all the gods in the Pantheon that our public highways are absolutely useless and unmitigated nuisances.

Stanton, Powell Co., Ky.,  
Aug. 3, 1903.

### EDITOR CLAY CITY TIMES:

My attention has been directed to a brief but significant paragraph in several recent issues of your paper headed, "A Call," and signed, "Many Voters."

To show no recognition of this manifestation of good-will and appreciation would indeed be most flagrant discourtesy on my part. Hence this intrusion upon your valuable space and time.

Being fully cognizant of the arduous duties of a County Judge, and the grave responsibilities resting upon him, I would, in view of my meager qualifications for that high and important position, hesitate, as I now most assuredly do, to respond affirmatively to the "call" of "Many Voters."

Having served the people of Powell county for some years in my present official capacity, and always with an earnest and honest endeavor to faithfully discharge the duties of my office, this "call" of "Many Voters" affords me unbounded satisfaction, in that it is an unsolicited and purely voluntary endorsement by many of our most substantial citizens of my past official career.

In conclusion, I would say, that while I at present entertain no thought of being a candidate for County Judge, should the future develop a necessity of my becoming so in response to the demand of "Many Voters" and the Democracy of Powell, I would be compelled, at least, to give the matter mature and thoughtful consideration.

Thanking "Many Voters" for the high compliment they have bestowed upon me by this "call," and you, Mr. Editor, for this generous use of your columns, I am

Very respectfully,  
A. H. NORTON.

Lost Reason After LaGrippe.

Daughter Had Frequent Spasms.

Dr. Miles' Nervine Cured Them Both.

Dr. Miles' Nervine is a specific for nervous disorders. It removes the cause and effects a speedy and permanent cure.

"I feel it is my duty to let you know that your medicines have cured my little girl of nine, of spasms. She commenced having them at the age of three. Our family doctor said she would outgrow them but she did not. We took her to another physician who said her trouble was epileptic fits in a mild form. He did her no good either. She was so nervous she could hardly walk. As I had already used Dr. Miles' Nervine and found it a good remedy for myself I commenced giving it to my child. I gave her in all ten bottles of the Nervine and one of the Blood Purifier. That was over two years ago and she has not had an attack since we commenced the treatment. She is no longer troubled with nervousness and we consider her permanently cured. I enclose her picture. My mother-in-law lost her reason and was insane for three months from the effects of LaGrippe. Six bottles of Dr. Miles' Nervine cured her. My sister has also taken it for sick headache with good results. We all thank you very much for your good medicines and kind advice. I don't think there is any other medicine half so good. I send my daughter's photograph so that you may see what a sweet little girl lives out in Arkansas."—MRS. HANNAH BARKETT, Springdale, Ark.

## LOCAL BREVITIES.

Rev. B. S. Burgher, of Winchester, was here a few days this week.

Dr. Littlepage has bought a nice buggy mare to drive in his rubber tire.

Eld. E. W. Marcum is holding a protracted meeting with his church at Ruckerville this week.

Joe Taylor returned last week from a visit to J. J. Conner and C. C. Kimbrell in Bourbon county.

Mr. Cliff Shimmessell and daughters, Misses Mary and Grace, are visiting relatives at Cynthiana this week.

The teachers of the county reopened their schools again Monday morning after last week's cessation while attending the county institute.

For all kinds of choice fruit and confectionery, lemonade and pop on ice, go to Jo Martin in the Tucker building. His stock is always fresh and clean. Give him a call.

Miss Annie Ringo returned this week from a visit to Wade's Mill and was accompanied home by Miss Washburn, who is now visiting friends in the city.

The stray mule advertised in the two last issues of the TIMES has been found by Mr. Mountz, the owner. An ad in this paper seldom fails to bring results.

J. B. Shoemaker, of Georgetown, was here a short while the first of the week. Mr. Shoemaker is a native of Lee county and used to teach school in Powell.

Miss Annie Ringo, of Clay City, and Mrs. A. C. Ringo and Miss Washburn, of Clark county, visited Mrs. F. P. Tracy, at Stanton Wednesday and spent a pleasant day.

This office has received several unsolicited mail orders for job printing recently, all of which was satisfactorily executed and promptly forwarded to pleased patrons.

Prof. W. R. Enbank is moving this week to Midway where he will take charge of their school. Mr. and Mrs. Enbank are good neighbors whom we regret to see leave.

When you want a physic that is mild and gentle, easy to take and certain to act, always use Chamberlain's Stomach and Liver Tablets. For sale by all dealers in patent medicine.

The Sunday school excursion to Natural Bridge Saturday was not a very large success, owing to the threatening weather in the morning and a report that the excursion had been called off.

Mrs. Annie Potts and daughter, Miss Julia, and Mrs. Alma Goosey and daughter, Miss Cherry, have gone to Greensburg, Ind., to visit their aunt, Becky Riley. They will return September 1st.

The Red River Hotel has built a new kitchen at the rear of the building, thereby affording more space on the first floor. The patronage of this popular hostelry has grown to demand more room.

The Methodist church is undergoing some needed repairs this week.

Last week and this week the Modern Remedy company has been holding a series of entertainments at this place at nights. The show is fairly good and is drawing good crowds.

Mrs. Sylvia Russell has been employed to teach a select school at Bowen for a term of ten months at a salary of \$65 per month. This is the same school that Mrs. Russell taught so satisfactorily last year.

N. R. Swope, who went to Cincinnati week before last to consult a specialist on appendicitis, was not operated upon, but is being treated for the trouble and it is hoped he will evade an operation through a timely treatment.

Supt. Tracy was down Monday and in speaking to us concerning the Teacher's Institute held at Stanton last week, said it was one of the best ever held in the county, and spoke favorable of getting Prof. Enbank to conduct the institute again next year.

Mrs. Mollie Allen, of South Fork, Ky., says she has prevented attacks of cholera morbus by taking Chamberlain's Stomach and Liver Tablets when she felt an attack coming on. Such attacks are usually caused by indigestion and these Tablets are just what is needed to cleanse the stomach and ward off the approaching attack. Attacks of bilious colic may be prevented in the same way. For sale by all dealers in patent medicine.

### Meeting at Powell's Valley.

Pastor Turpin assisted by O. C. Brown, is conducting a series of meetings at Powell's Valley this week. The meeting is very interesting and much good from their preaching is looked for.

### Not Over-Wise.

There is an old allegorical picture of a girl seared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by all dealers in patent medicine.

### Will Make Tintypes.

John W. Henry, the champion photographer, will in a few days be prepared to make a line of tintypes. The old fashioned tintype is really the most lasting and natural picture made. He will also make you a nice photograph at \$1. per dozen.

### Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux" (Dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by all dealers in patent medicine.

Mr. Geo. M. Williams, of Log Lick, died Friday of stomach trouble. Burial at his home Saturday.

Mr. Johnson Harris, a well known citizen of Kimbrell, Estill county, was married to a Mrs. Richardson, of Fox, last week. Eld. O. C. Brown officiated.

### A Sure Cure for Diarrhoea.

Coming as it does, in the busiest season, when a man can least afford to lose time, a sure and quick cure for diarrhoea is very desirable. Anyone who has given it a trial will tell you that the quickest, surest and most pleasant remedy in use for this disease is Chamberlain's Colic, Cholera and Diarrhoea Remedy. There is no loss of time when it is used, as one or two doses of it will cure any ordinary attack. It never fails, not even in the most severe and dangerous cases. For sale by all dealers in patent medicine.

### Goodloe Combs Dead.

Goodloe Combs, who figured conspicuously in the assassination of John Rose in this county in the Spring 1890, and who was sent to the penitentiary for same, and unjustly pardoned a short time ago, died at Cynthiana Saturday with appendicitis. Combs was a witness for the defense in the Jett-White trial, which occasioned his being at Cynthiana when he died.

### Boy Cured of Colic After Physician's Treatment Had Failed.

My boy when four years old was taken with colic and cramps in his stomach. I sent for the doctor and he injected morphine, but the child kept getting worse. I then gave him half a teaspoonful of Chamberlain's Colic Cholera and Diarrhoea Remedy, and in half an hour he was sleeping and soon recovered.—F. L. Wilkins, Shell Lake, Wis. Mr. Wilkins is book-keeper for the Shell Lake Lumber Co. For sale by all dealers in patent medicine.

### The Drouth Broken.

The long dry spell was broken by a good rain Thursday evening and general downpour all of Friday morning, with some showers since that time. The situation had become rather severe in this section, but as usual in Kentucky, the rain came just in time to save crops and grass. Prospects for the farmer are now much brighter than this time last week.

### Meat and Malt.

# Mid-Summer Clearance Sale!

Following up our usual custom of the past few years, of holding a CUT PRICE SALE, we will during the month of August put on sale at greatly reduced prices, our splendid stock of merchandise for the purpose of reducing the stock before invoicing, and also to make room for our fall and winter goods which will begin to come in a little while.

This sale will eclipse anything attempted on former occasions in the way of goods from which to select and prices, and every judicious buyer should take advantage of the splendid opportunity to supply his many wants while this slaughter rages.

We do not want to carry over anything in Summer Goods, and have made the cut so deep that the success of this sale is already assured, and for the bargains of your lifetime, do not fail to come early, for the best things and most desirable always go first.

So remember, for all of August only, and if you can't come, just mail us your order, and it will have the same careful attention as if you were here to look after it yourself.

**MRS. CECILIA STOWE,**  
Orator, Entre Nous Club.

176 Warren Avenue,  
Chicago, Ill., Oct. 22, 1902.

For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disheartened as well as I, for home with a sick woman is a disconsolate place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

**TAROLEUM**  
A scientific chemical preparation  
For Curing Diseases of Horses Feet

Stimulates a natural healthy growth, removing inflammation and soreness.

TAROLEUM will mix with water in all proportions, consequently does not excite the natural moisture from the foot. This will be appreciated by the thoughtful horseman.

AS A DRESSING - Rub the foot all over twice a day, and polish with a brush if you want the shine.

HOOF-TRUCKING - Rub up a sufficient quantity of oil with your foot of TAROLEUM to every part of the hoof and bind on the feet. This peeling will get hard, contracted feet quickly, removing the inflammation and soreness.

CHICAGO, Mass., June 21, 1901.

W. F. Young, Esq.,  
Dear Sir:- I have used your Taroleum and can recommend it to all horsemen as a horse shoe polish. I have used it with excellent results for horse feet, and can assure you the result will be the same.
